Statement of Retraction

The following article has been retracted from publication in the Taylor & Francis journal
Journal of Plant Interactions:

Arafet Manaa, Hajer Mimouni, Salma Wasti, Emna Gharbi, Amel Terras & Hela Ben Ahmed (2014) Characterization of transgenic Arabidopsis and tomato plants antisensed for the ethylene receptor gene CcEIN4 under NaCl stress, *Journal of Plant Interactions*, 9:1, 539-549 <https://doi.org/10.1080/17429145.2013.865796>

This article has been retracted at the request of the authors. Subsequent to publication, it has been found that the authorship listing is incomplete. It was agreed by all authors to retract the article due to the exclusion of the following authors from the published version:

Mireille Faurobert, Aline Le Menn, Virginie Vaissayrec, Karine Leyre, José Bustamantec, and Alexandre De Kochko.

Taylor & Francis note we received, peer-reviewed, accepted, and published the article in good faith based on warranties made by the authors with respect to authorship and of our policy on publishing ethics and integrity, and censure this action as it constitutes a breach of these warranties.

The retracted article will remain online to maintain the scholarly record, but it will be digitally watermarked on each page as “Retracted”.
